### **Position: Junior Designer**

Studio Matthews is expanding and seeks a visual communication designer with up to three years of experience. Our team is busy, creative and collaborative — we design award-winning communication, including branding, exhibitions installations, and wayfinding. The position requires strong design skills and a keen interest to develop knowledge in dimensional installations including materials, specifications, and fabrication methods. Because we collaborate closely with architects and landscape architects on many of our projects, knowledge of these fields is helpful. Our projects are anything but cookie-cutter, so we seek a designer who enjoys being challenged by a wide range of projects, who has the highest standards for design, and who wants to create great things!

### **Experience and Qualifications**

We seek a designer with experience in:

- Graphic Design and Branding
- Exhibition and Installation Design
- Placemaking, including Environmental Graphic Design installations
- Wayfinding and Signage Systems

Qualifications:

- Recent graduate to 3 years in related design field:  
Graphic Design, Experience Design, Exhibition Design.
- Refined typography skills.
- Experience working on multiple, concurrent projects and complex, large-scale projects.
- Accurate and organized by nature. Enjoy problem solving.
- Strong time management.
- Ability to work both independently and collaboratively.
- Proficient with Mac, Adobe Suite, Office Suite. Proficiency with 3d visualization programs a big plus.
- A good sense of humor is always welcome.

### **Roles and Responsibilities**

Candidates will have experience working with creative teams and undertake the following:

- Collaborate with Creative Directors on a wide range of projects.
- Help to design a wide range of projects, from concept through to final production.
- Take direction from the team's Project Managers to maintain budgets and schedules.
- Promote the studio through a high level of design, integrity, and creativity.
- Help to drive multiple projects forward, acting as a positive force in the studio.
- Research and apply the latest sustainable methodology and materials.

**Open to full time applicants.**

**Our team works together, in person.**

**Email statement of interest, résumé and portfolio link to: [careers@studiomattthews.com](mailto:careers@studiomattthews.com)**

**Priority will be given to applicants that submit by August 20th.**

## About Us

Studio Matthews is a Seattle-based, woman-owned small business, and practice of designers, teachers, and makers. We are known for our award-winning design and elegant solutions, as well as our focus on environmental responsibility.

We begin our work by looking beyond the edges of a brief for unseen potential and opportunities to connect. As advocates and partners, we help our clients see what their projects could be. Together, we work to uncover deeper relationships between a project, its context, and those who encounter it. We strive to create work that elicits surprise and delight as often as it helps to connect and engage.

Our work takes many forms: Exhibitions, Installations, Wayfinding, Workplace, Branding, Illustration, Donor Recognition, Placemaking, as well as Landmark and other historically sensitive projects. Whatever the goal, we've found the work is most effective and powerful when it is fully integrated into the architecture or landscape, to be experienced as part of a complete environment. For that reason, we believe in and enjoy close collaboration with architects, landscape architects, and clients early in the design process, so that our work can successfully reinforce the project vision.
